### DETAILED ACTION

1. Claims 7-14 are rejected under 35 U.S.C. 103(a) as being unpatentable over JP 5331793 in view of Bubik et al (5,163,364).

The claims are rejected for the grounds set forth in the previous Office Action.

2. Applicant's arguments have been considered but are deemed unpersuasive of patentability. It is urged that Bubik merely supports the possibility of the claimed invention. It is more than a "possibility" it provides motivation to make the modification to the JP 5331793 invention as stated in the previous Office Action.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
